## Homepage

QUESTO SITO E' DISEGNATO SULLA BASE DEL SITO DI ZAINA, VEDI  
LINK SOTTO:  
<https://zaina.international>

### COSA CI PIACE DI ZAINA:

- IL PUNTATORE (PALLINA E FRECCETTA)
- IL "SEE MORE" E "SEE LESS"
- LE SCRITTE CHE SCODINZOLANO E CAMBIANO COLORE
- LA COMPARSA DELL'IMMAGINE
- LA BARRA AL FONDO CON RACCOLTA IMMAGINI BELLE, MUSICA,  
NOTIZIE, SANTO DEL GIORNO...
- ZAINA HA UNA SUA BANDIERA (EMOTICON) NELLA BARRA IN ALTO

### COSA NON CI PIACE DI ZAINA:

- LE IMMAGINI ALL'APERTURA DEL SITO (PREFERIAMO SI APRA  
SUBITO CON LA TABELLA)
- I RAGNETTI CHE SI ATTIVANO COME SCREENSAVER

### COSA SI PUO' AGGIUNGERE:

- SE CLICCHI SU ALCUNE PAROLE ESCE IL SIGNIFICATO DA DIZIO-  
NARIO (TRECCANI)

ABOUT  
(SI APRE CLICCANDO SU E RT E “See more” IN HOME PAGE)

ZAINA is a graphic design practice working from Paris, formed by Patrice Barnabé and Martí Palau. To discuss new commissions and collaborations contact us at [studio@zaina.international](mailto:studio@zaina.international). We are working Monday to Friday from 10 to 18h.

#### Profile

We engage in projects for a diverse range of international clients across cultural and commercial sectors—from artists and individuals to businesses and institutions—creating brand identities, campaigns, books, catalogues, exhibitions, websites and digital presence.

A keen eye for detail is integral to us. This is reflected in our sensibility for typography and selection of refined materials. With this in mind, we enjoy collaborating with passionate people who share a distinct sense for quality, beauty and aesthetics.

Coming from different backgrounds, we have always been naturally influenced by contrasting cultures, from the rigorous ideas of modernism to the vast heritage of folk traditions. We like to think of ZAINA as a place to celebrate our interests beyond the realm of design—whether that comes through language, music or flavours.

#### Network

To complement our own capabilities, we partner closely with a trusted network of photographers, illustrators, web developers, copywriters and spatial designers. This collaborative approach allows us to open up possibilities for our clients and deliver on every brief we undertake. To ensure the highest standards of production, our selection of professionals extends to experienced printers, producers and manufacturers.

**ZAINA** is a universe where clothes and accessories are crafted following the wishes of the original raw materials. Many people inhabit this universe. They all see responsible design as a meaningful way to produce objects that last - and connections that last even longer.

## About

E RT is a universe where clothes and accessories are crafted following the wishes of the original raw material. We engage in projects for a diverse range of international clients across the cultural and commercial sectors—from artists and individuals to businesses and institutions—creating brand identities, campaigns, books, catalogues, websites, editorial and digital pieces. Many people inhabit this universe. They all see responsible design as a meaningful way to produce objects that last - and connections that last even longer.

A keen eye for detail is integral to us. This is reflected in our sensibility for typography and selection of refined materials. With this in mind, we enjoy collaborating with passionate people who share a distinct sense for quality, beauty and aesthetic. The choice of using 100% natural fibres is a stance on durability and recyclability. Not all is certified. E RT selects suppliers and partners based on social and environmental commitment. More information on specific certifications is available in the detail section of each product. Coming from different backgrounds, we have always been naturally influenced by contrasting cultures, from the rigorous ideas of modernism to the vast heritage of folk traditions. We like to think of ZAINA as a place to celebrate our interests beyond the realm of design—whether that comes through language, music or flavours. E RT takes a careful approach to its packaging: every element is designed to be as efficient as possible, with recycled paper, organic cotton and non-toxic inks as the main materials.

E RT's creations are designed to last, and three key processes are put in place to make their stories endless:

To complement our own capabilities, we partner closely with a trusted network of photographers, illustrators, web developers, copywriters and spatial designers. This collaborative approach allows us to open up possibilities for our clients and deliver on every brief we undertake. To ensure the highest standards of production, our selection of professionals extends to experienced printers, producers and manufacturers.

### - Repair

Apparel can be a mirror of who we are and who we want to be. However, sometimes we don't see ourselves in them anymore. E RT recommends and offers an evaluation of its creations to be resold independently or through E RT's channels.

### Art Direction

### Campaign

### - Recycle

E RT strives to give a new chance to pure valuable materials through upcycling and material recycling. Thanks to the mono-material design, almost every piece is easy to recycle.

**E RT** is a universe where clothes and accessories are crafted following the wishes of the original raw material. Many people inhabit this universe. They all see responsible design as a meaningful way to produce objects that last - and connections that last even longer.

## About

E RT is a universe where clothes and accessories are crafted following the wishes of the original raw material.

Many people inhabit this universe. They all see responsible design as a meaningful way to produce objects that last - and connections that last even longer.

E RT employs responsible design and production, respecting the time and the needs of its creators: animals, natural resources, manufacturers, among others.

The choice of using 100% natural fibres is a stance on durability and recyclability. Not all is certified. E RT selects suppliers and partners based on social and environmental commitment. More information on specific certifications is available in the detail section of each product.

E RT takes a careful approach to its packaging: every element is designed to be as efficient as possible, with recycled paper, organic cotton and non-toxic inks as the main materials.

E RT's creations are designed to last, and three key processes are put in place to make their stories endless:

### - Repair

Considering what we wear as organic elements, with their growth, their needs, and their scars. E RT commits to repairing all its creations upon request.

### - Resell

Apparel can be a mirror of who we are and who we want to be. However, sometimes we don't see ourselves in them anymore. E RT recommends and offers an evaluation of its creations to be resold independently or through E RT's channels.

...

### - Recycle

E RT strives to give a new chance to pure valuable materials through upcycling and material recycling. Thanks to the mono-material design, almost every piece is easy to recycle.

Enlisting a roster of artists and designers, the London-based fashion platform Everpress launches a T-shirt collection titled "In Collaboration". Each limited-edition T-shirt brings together two different creatives to design artwork inspired by the theme of connection.

The design references the warning message delivered by a browser when the internet connection crashes. By taking it out of context and altering it slightly, the message takes on renewed meaning—it aims to be a wake-up call to reconnect with ourselves and with nature.

June 23 1994  
Odense, Denmark.

Happy Birthday Princess,

We got old and got used to each other. We think alike. We read each others minds. We know what the other wants without asking. Sometimes we irritate each other a little bit. Maybe sometimes take each other for granted.

But once in awhile, like today, I meditate on it and realize how lucky I am to share my life with the greatest woman I ever met. You still fascinate and inspire me. You influence me for the better.

You're the object of my desire, the #1 earthly reason for my existence. I love you very much.

Happy Birthday Princess. John
